

# Suncoast Book Give Away

Suncoast is giving away books on native plants and Florida gardening. These are books that we already have or do not need in our library. If you are interested in any of these titles, please contact secretary, [Tina Patterson](#).

Any books not claimed by April will be given offered to the public at the Plant Sale.

In addition, we have donated books on herb gardening, wreath making, and wildflower guides to the eastern and northeastern United States. Contact Tina.
